

Globalis International and its Partners completed another successful GITEX Technology Week in 2017.

In coherence with the theme "Reimagining Realities" Globalis and partners exhibited our technological advancements and business transformation solutions.

Our stand welcomed 700 visitors from the Middle East, Africa, South -East and Central Asia during the five days.

**Connecting to the global tech community facilitated:**

- Brand Promotion
- Strengthening Customer Relationship
- Strengthening Partner Relationship
- Develop new professional connections
- Product Launches
- Expand to new markets forging valuable business relationships

### Product Launch and Affiliation:

The premiere venue for launch of innovative products, Globalis saw the launch of :

- ScanBox, a check deposit unit in collaboration with Digital Check and Tessi
- Dotmatrix Printer models S828 and S809 from Printronix

Our other products and solutions for Banking/Printing and Mobility were also displayed and demonstrated. Our alliance with Image Infosystems was highlighted with their presence as new partner on the stand.

### Exhibiting Partners:

- \*Digital Check / Tessi
- \*Olicom
- \* Printronix / Tally Genicom
- \*Microplex
- \*Image Infosystems Pvt Ltd

Some of the other partners were represented by Globalis by displaying their products. The collaborative efforts concluded into a productive week.

We thank you all for making it a success.
